

DISCOVER 5 WAYS TO SAVE

5

Boost your ACO efforts with the largest network of independent eye doctors. See how VSP® Vision Care can help you save:

1. Spend less time administering your network

GET IMMEDIATE MEMBER ACCESS to eye doctors certified to NCQA standards.

CUSTOMIZABLE NETWORK will fit your needs.

Eliminate recruiting and management costs.

2. Spend less with VSP doctors

FULLY LICENSED in your service area

Eliminates need for **MULTIPLE PROVIDERS**

HANDLE PRE- AND POST-OPERATIVE co-management services

VSP Doctors cost 30% less than primary care physician visits.

3. Detect costly chronic conditions earlier

VSP DOCTORS are first to detect chronic conditions:

DIABETES

34%
of the time

HYPERTENSION

39%
of the time

HIGH CHOLESTEROL

62%
of the time

Ensure cost-effective, coordinated treatment for your members.

4. Prevent conditions from progressing

POSTPONE OR ELIMINATE the need for costly procedures with improved access to care.

PRESERVE VISION for members with eye diseases like diabetic retinopathy and glaucoma.

Securely share health information with PCPs before costly symptoms emerge.

5. Spend less on emergency eye care

AVOID COSTLY ER VISITS for vision-related conditions such as pink eye.

VSP Doctors are available 24/7 for emergency services.

Meet your ACO administrative and PMPM savings goals with VSP.
