

Get Better HEDIS Scores with iCare's Best-in-Class Solutions

For more than a decade, iCare has partnered with health plans to consistently achieve the coveted Five Star HEDIS¹ rating for Eye Exam for Patients with Diabetes (EED)—the highest possible ranking. Now, we'd like to help you and your members.

Proven Success for Health Plan Partners In:

- Closing EED gaps
- Increasing HEDIS Star ratings
- Improving member experience and satisfaction

Innovative Approach with Proven Results

It's a fact: EED exams and screenings are eyesight-saving. But, getting your non-compliant members living with diabetes to participate takes more than written communication. It takes a focused and dedicated team using comprehensive and innovative approaches.

That's why iCare's best-in-class HEDIS program includes:

- Multiple access points of care to maximize member choice
 - iCare will even conduct the screening in a member's home
- Primary care integration
- Education across all stakeholders involved
- Data analytics to customize services

A Growing Health Crisis

- Diabetes affects more than 34 million Americans²
- Vision loss and blindness result in a total economic burden of \$134.2 billion per year³
- Other direct costs, including medical and supportive services, total \$98.7 billion³

Early detection, treatment, and follow up can reduce risk of severe vision loss by

95%⁴

Let us customize a plan for you. To learn more, call **877.991.9998** or email **HEDIS@myicarehealth.com**.
