

A Single-Source Solution for Health Plans

Together, VSP® and iCare bring unparalleled expertise, experience, and resources to Medicare, Medicaid, and other government programs.

Access to Care

VSP offers the largest national network of independent doctors and more than

115,000 access points,

including 97,000 for Medicare —all customizable for your needs.

Best-In-Class HEDIS ★★★★★

program closes care gaps and helps health plans achieve the highest possible Star Rating.

Early Detection of Diabetes

by VSP Network doctors led to

27% fewer visits to the emergency room

Integrated Solution

Administrator of optometry and ophthalmology healthcare services that optimizes outcomes, lowers costs, reduces waste, and enhances the member experience.

Utilization Management

services that **reduce costs, decrease overutilization,** and prevent duplication of procedures.

Regulatory Compliance

+ Audit Support
We adhere to CMS and state regulatory compliance as a delegated partner, providing compliance oversight audits, regulatory reporting, and more.

Make VSP + iCare the single-source solution for all your government programs.
